Export Data Sources

The graphs on this page reflect 2010 export statistics compiled and made publicly available by the U.S. Department of Commerce. The data include the value of 2010 merchandise exports from this locality, broken out by destination market and by industry sector. In addition the data show the number of jobs that are directly supported by merchandise exports from this locality, broken out by industry sector.

On the Export Companies tab, we present an alphabetized list of companies that are exporting from this locality. On the Export Details tab, you may use the search boxes to find a specific destination market or exporting company, or click the column headers to reorder the table. Hovering over the red arrow will reveal the details of the description and aggregate export value. This company data was compiled from customs forms filed by exporters, acquired through Freedom of Information Act requests.

[For more information about the data behind this site, please see the About the Data page.](#)
