We promote engagement and collaboration for our community and membership.

Downtown Historical Architectural Walk

Have you ever wondered about the history of some of the landmark buildings in downtown Beaver Dam? Do you know what businesses

were conducted in them, who built them and what they represented to the community?

For the first time ever, in a collaboration with members of the Dodge County Historical Society (DCHS), the Chamber will be offering a one hour tour of downtown, comparable to what our elementary school students get every year, and similar to the occasional tours hosted by the DCHS.

We'll be starting the day with a catered breakfast and a brief history of the beautiful Hotel Rogers.

If you're a history buff and don't mind a little morning exercise, then you won't want to miss the historic architecture tours of downtown Beaver Dam as the program for the July Breakfast Network!
